

I recently received information regarding the possibility of priority being given to LPFM's over FM translator service. K-Love is a regional broadcast that I listen to everyday. If priority were given to the LPFM, there is a possibility that K-Love would not be broadcast in my area. K-Love serves me and my community by providing a radio station that is family friendly. I never have to worry about what I or anybody with me will hear while I am listening to K-Love. I believe the effect of losing the station would be devastating to my community. Adults and children alike have a hard enough time as it is listening to the filthy language, crude jokes and remarks that they hear at work, school, and on the street. K-Love is a welcome relief from all of that. K-Love supports wholesome values and has a positive and encouraging impact on my community and the communities all across America. Please do not pass anything that would take this away from us.
